

# **SAFETY DATA SHEET**

OSHA HCS (29 CFR 1910-1200)

## **SECTION 1: PRODUCT AND COMPANY IDENTIFICATION**

Product Name: Compost Chemical Name: None CAS No.: None

Trade Name: Whole Earth Compost (™ pending)

Identified Uses: Soil conditioner for lawn and gardens.

Company: Whole Earth Compost, LLC

2000 E. 122nd Street Chicago, IL 60633

Telephone: (312) 288 - 9842

Emergency Contact: Not applicable. Call 911 for all emergencies.

## **SECTION 2: HAZARDS IDENTIFICATION**

Classification of the material: Not classified as dangerous for use as directed.

Labeling Requirements: None Other Hazards: None Other Information: None

## **SECTION 3: INGREDIENT DATA**

Product Information: General all-purpose compost consisting of grass

cuttings, wood, leaves, food scraps, and food production

byproducts.

There are no other compounds or substances which have the potential to be detrimental to human health or the environment.

Issue Date: 03/14/24 Page 1 of 4

#### **SECTION 4: FIRST AID MEASURES**

Inhalation: No inhalation hazard is associated with this product

when used as directed.

Skin Contact: Wash with soap and water. If irritation occurs, such as

rash, blistering, or redness, seek medical attention.

Eye Contact: Flush eyes with plenty of water for at least 15 minutes,

keeping eyelids open. If wearing contact lenses, remove them if possible. If irritation develops and

persists, seek medical attention.

Ingestion: No significant risk.

There are no known acute or delayed symptoms associated with this product. Additionally, no medical conditions are known to be caused by this product that would require immediate medical attention or special treatment. As with all products, use only as directed on the packaging. Keep out of reach of children.

#### **SECTION 5: FIRE FIGHTING MEASURES**

This product is not flammable; however, it may burn when in contact with other materials nearby. In the event of combustion, extinguish using carbon dioxide, dry chemical foam, or water.

Combustion of this product may produce toxic fumes, including carbon monoxide, carbon dioxide, and other hydrocarbon compounds found in the combustion of natural organic materials such as plant and animal matter.

Firefighting personnel should always use self-contained breathing apparatus and proper personal protective equipment (PPE).

#### **SECTION 6: ACCIDENTAL RELEASE OF PRODUCT**

This product poses no threat to human health or the environment as it contains no potentially hazardous components.

Issue Date: 03/14/24 Page 2 of 4

#### **SECTION 7: HANDLING AND STORAGE**

There are no specific recommendations for the safe handling of this product. However, caution should be exercised when handling palletized products, particularly during movement. Additionally, use proper lifting techniques when manually moving bagged products.

Store this product at ambient temperatures ranging between 40 to 90 degrees Fahrenheit. Prolonged storage below or above these temperatures may impact the product's quality.

Avoid storing this product where it may come into contact with other substances to prevent contamination. Furthermore, keep it away from oxidizing products or agents.

#### **SECTION 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION**

This product does not contain any hazardous materials.

#### **SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**

Physical State: Solid
Color: Black
Odor: Earthy
pH: 6.8-8.3
Density: Variable

All other physical and chemical properties are not applicable.

## **SECTION 10: STABILITY AND REACTIVITY**

The product is stable and non-reactive. Keep away from strong oxidizing agents. In case of combustion, it may emit toxic fumes such as carbon monoxide, carbon dioxide, or other combustion products typically associated with burning plant and animal matter.

## **SECTION 11: TOXICOLOGICAL INFORMATION**

Exposure Routes: Skin and eye contact.

There are no known toxicological effects associated with this product.

Issue Date: 03/14/24 Page 3 of 4

#### **SECTION 12: ECOLOGICAL INFORMATION**

This product is not hazardous to the environment. This product is biodegradable and essentially soil-like. There is no information regarding bioaccumulation or mobility in soil.

#### **SECTION 13: DISPOSAL CONSIDERATIONS**

If material is to be disposed of, contact your local waste management company for any disposal restrictions and methods to correctly manage the product.

#### **SECTION 14: TRANSPORTATION INFORMATION**

This product is not regulated by the Department of Transportation (DOT) and does not require placarding, but weight restrictions are applicable.

### **SECTION 15: REGULATORY INFORMATION**

This product is not regulated by:

Toxic Substance Control Act (TSCA) RCRA/USEPA

There are no SARA 313/302 toxic chemicals within the product.

There are no reportable quantities within the product.

#### **SECTION 16: OTHER INFORMATION**

The information provided in this SDS is believed to be accurate and is provided in good faith. For additional information, please contact the manufacturer using the contact information provided below:
